Animal Tricks	
<b>Attack</b>	[Wizards of the Coast - Revised (v.3.5) System Reference Document]
The animal attacks apparent enemies. You may point to a particular creature that you wish the animal to attack, and it will comply if able. Normally, an animal will attack only humanoids, monstrous humanoids, giants, or other animals. Teaching an animal to attack all creatures (including such unnatural creatures as undead and aberrations) counts as two tricks.	
<b>Come</b>	[Wizards of the Coast - Revised (v.3.5) System Reference Document]
The animal comes to you, even if it normally would not do so.	
<b>Defend</b>	[Wizards of the Coast - Revised (v.3.5) System Reference Document]
The animal defends you (or is ready to defend you if no threat is present), even without any command being given. Alternatively, you can command the animal to defend another specific character.	
<b>Down</b>	[Wizards of the Coast - Revised (v.3.5) System Reference Document]
The animal breaks off from combat or otherwise backs down. An animal that doesn't know this trick continues to fight until it must flee (due to injury, a fear effect, or the like) or its opponent is defeated.	
<b>Guard</b>	[Wizards of the Coast - Revised (v.3.5) System Reference Document]
The animal stays in place and prevents others from approaching.	
<b>Heel</b>	[Wizards of the Coast - Revised (v.3.5) System Reference Document]
The animal follows you closely, even to places where it normally wouldn't go.	
<b>Track</b>	[Wizards of the Coast - Revised (v.3.5) System Reference Document]
The animal tracks the scent presented to it. (This requires the animal to have the scent ability.)	
<b>Trained for Combat Riding</b>	[Wizards of the Coast - Revised (v.3.5) System Reference Document]
An animal trained to bear a rider into combat knows the tricks attack, come, defend, down, guard, and heel. Training an animal for combat riding takes 6 weeks. You may also "upgrade" an animal trained for riding to one trained for combat by spending 3 weeks and making a successful DC 20 Handle Animal check. The new general purpose and tricks completely replace the animal's previous purpose and any tricks it once knew. Many horses and riding dogs are trained in this way.	

Special Attacks	
<b>Share Spells (Ex)</b>	[Wizards of the Coast - Revised (v.3.5) System Reference Document]
At the character's option, she may have any spell (but not any spell-like ability) she casts upon herself also affect the companion. The companion must be within 5 feet of her at the time of casting to receive the benefit. If the spell or effect has a duration other than instantaneous, it stops affecting the companion if the companion moves farther than 5 feet away and will not affect the animal again, even if it returns to the character before the duration expires. Additionally, you may cast a spell with a target of "You" on your companion (as a touch range spell) instead of on herself. A character and her companion can share spells even if the spells normally do not affect creatures of the companion's type (animal).

If subjected to an attack that allows a Reflex save for half damage, you take no damage on a successful save.	
<b>Link (Ex)</b>	[Wizards of the Coast - Revised (v.3.5) System Reference Document]
A character can handle her animal companion as a free action, or push it as a move action, even if she doesn't have any ranks in the Handle Animal skill. The character gains a +4 circumstance bonus on all wild empathy checks and Handle Animal checks made regarding an animal companion.	
<b>Low-light Vision (Ex)</b>	[Wizards of the Coast - Revised (v.3.5) System Reference Document]
You can see 2x as far as humans in low illumination.	
<b>Scent (Ex)</b>	[Wizards of the Coast - Revised (v.3.5) System Reference Document]

<b>Weapon Focus (Bite)</b>	[Wizards of the Coast - Revised (v.3.5) System Reference Document, Feats.rtf]

<b>Track</b>	[Wizards of the Coast - Revised (v.3.5) System Reference Document, Feats.rtf]
To find tracks or to follow them for 1 mile requires a successful Survival check. You must make another Survival check every time the tracks become difficult to follow.
