Heward's Handy Haversack	Equipped	1	5 / 2,000
A backpack of this sort appears to be well made, well used, and quite ordinary. It is constructed of finely tanned leather, and the straps have brass hardware and buckles. It has two side pouches, each of which appears large enough to hold about a quart of material. In fact, each is like a bag of holding and can actually hold material of as much as 2 cubic feet in volume or 20 pounds in weight. The large central portion of the pack can contain up to 8 cubic feet or 80 pounds of material. Even when so filled, the backpack always weighs only 5 pounds. While such storage is useful enough, the pack has an even greater power in addition. When the wearer reaches into it for a specific item, that item is always on top. Thus, no digging around and fumbling is ever necessary to find what a haversack contains. Retrieving any specific item from a haversack is a move action, but it does not provoke the attacks of opportunity that retrieving a stored item usually does. Moderate conjuration; CL 9th58.72 lbs., 1 Rope, Silk, 1 Periscope, 1 Hammer, 1 Grappling Hook, 1 Thieves' Tools, Masterwork, 1 Torch, 5 Vial, 5 Piton, 1 Ink (1 Oz. Vial), 1 Inkpen, 1 Magnifying Glass, 5 Candle, 1 Money Belt (Small), 1 Everlasting Feedbag, 1 Refilling Mug, 1 Everlasting Rations, 1 Sleep Arrow (Small), 1 Ring from High Dragon			
Periscope	Heward's Handy Haversack	1	2 / 20
This is a small handheld periscope, about a foot long, that allows you to look over obstacles or around corners without exposing yourself to danger.			
Hammer	Heward's Handy Haversack	1	2 / 0.5
This one-handed hammer with an iron head is useful for pounding pitons into a wall. If a hammer is used in combat, treat it as a one-handed improvised weapon (see page 113) that deals bludgeoning damage equal to that of a spiked gauntlet of its size.			
Grappling Hook	Heward's Handy Haversack	1	4 / 1
When tied to the end of a rope, a grappling hook can secure the rope to a battlement, window ledge, tree limb, or other protrusion. Throwing a grappling hook successfully requires a Use Rope check (DC 10, +2 per 10 feet of distance thrown).

Ink (1 Oz. Vial)	Heward's Handy Haversack	1	0 / 8
This is black ink. You can buy ink in other colors, but it costs twice as much.			
Inkpen	Heward's Handy Haversack	1	0 / 0.1
An inkpen is a wooden stick with a special tip on the end. The tip draws ink in when dipped in a vial and leaves an ink trail when drawn across a surface.			
Magnifying Glass	Heward's Handy Haversack	1	0 / 0
This simple lens allows a closer look at small objects. It is also useful as a substitute for flint and steel when starting fires. Lighting a fire with a magnifying glass requires light as bright as sunlight to focus, tinder to ignite, and at least a full-round action. A magnifying glass grants a +2 circumstance bonus on Appraise checks involving any item that is small or highly detailed, such as a gem.

Ring of Spell Storing, Minor	Carried	1	0 / 18,000
A minor ring of spell storing contains up to three levels of spells that the wearer can cast. Each spell has a caster level equal to the minimum level needed to cast that spell. The user need not provide any material components or focus, or pay an XP cost to cast the spell, and there is no arcane spell failure chance for wearing armor (because the ring wearer need not gesture). The activation time for the ring is same as the casting time for the relevant spell, with a minimum of 1 standard action. A spellcaster can cast any spells into the ring, so long as the total spell levels do not add up to more than three. Metamagic versions of spells take up storage space equal to their spell level modified by the metamagic feat. A spellcaster can use a scroll to put a spell into the minor ring of spell storing. The ring magically imparts to the wearer the names of all spells currently stored within it. Faint evocation; CL 5th

Special Qualities	
Evasion (Ex)	[Wizards of the Coast - Players Handbook, p.50]
At 2nd level and higher, a rogue can avoid even magical and unusual attacks with great agility. If she makes a successful Reflex saving throw against an attack that normally deals half damage on a successful save (such as a red dragon's fiery	

breath or a fireball)), she instead takes no damage. Evasion can be used only if the rogue is wearing light armor or no armor. A helpless rogue (such as one who is unconscious or paralysed) does not gain the benefit of evasion.

**Halfling Racial Traits (Ex)**

**[Wizards of the Coast - Players Handbook]**

+2 racial bonus on Climb, Jump, and Move Silently checks: Halflings are agile, surefooted, and athletic.

+1 racial bonus on all saving throws: Halflings are surprisingly capable of avoiding mishaps.

+2 morale bonus on saving throws against fear. This bonus stacks with the halfling's +1 bonus on saving throws in general.

+1 racial bonus on attack rolls with a thrown weapon and slings: Throwing and slinging stones is a universal sport among halflings, and they develop especially good aim.

**Improved Uncanny Dodge (Ex)**

**[Wizards of the Coast - Players Handbook]**

You can no longer be flanked; you can react to opponents on opposite sides of you as easily as you can react to a single attacker. This defense denies a rogue the ability to sneak attack you by flanking you, unless the attacker has at least four more rogue levels than you have uncanny dodge levels [Rogue Level exceeds 16].

**Sneak Attack**

**[Wizards of the Coast - Players Handbook, p.50]**

You can do an additional 5d6 damage if your opponent is unable to defend against you - whenever your opponent would be denied any dex bonus to AC, or you are flanking. Even at range (up to 30'). Creatures immune to critical hits are also immune to this sneak bonus. This damage can be non-lethal only if you use a sap (blackjack) or unarmed attack

**Trapfinding**

**[Wizards of the Coast - Players Handbook, p.50]**

Rogues (and only rogues) can use the Search skill to locate traps when the task has a Difficulty Class higher than 20. Finding a nonmagical trap has a DC of at least 20, or higher if it is well hidden. Finding a magic trap has a DC of 25 + the level of the spell used to create it. Rogues (and only rogues) can use the Disable Device skill to disarm magic traps. A magic trap generally has a DC of 25 + the level of the spell used to create it. A rogue who beats a trap's DC by 10 or more with a Disable Device check can study a trap, figure out how it works, and bypass it (with her party) without disarming it.

**Trap Sense +3**

**[Wizards of the Coast - Players Handbook]**

Character has an intuitive sense that alerts him to danger from traps, giving him a +3 bonus on Reflex saves made to avoid traps and a +3 dodge bonus to AC against attacks made by traps.

**Uncanny Dodge (Ex)**

**[Wizards of the Coast - Players Handbook]**

Character retains their Dexterity bonus to AC (if any) even if caught flat-footed or struck by an invisible attacker. However, they still loses his Dexterity bonus to AC if immobilized.

**Weapon and Armor Proficiency**

**[Wizards of the Coast - Players Handbook, p.50]**

Rogues are proficient with all simple weapons, plus the hand crossbow, rapier, sap, shortbow, and short sword. Rogues are proficient with light armor, but not with shields.

**Weapon and Armor Proficiency (Ex)**

**[Wizards of the Coast - Complete Warrior, p.12]**

Swashbucklers are proficient with all simple and martial weapons, and with light armor. Some of the swashbuckler's class features, as noted below, rely on her being no more than lightly armored and unencumbered.

**Weapon Finesse (Ex)**

**[Wizards of the Coast - Complete Warrior, p.12]**

A swashbuckler gains Weapon Finesse as a bonus feat at 1st level even if she does not qualify for the feat.

fighting defensively or using the total defense action, this shield bonus increases to +2.

**Two-Weapon Fighting**

**[Wizards of the Coast - Player's Handbook, p.102]**

You can fight with a weapon in each hand. You can make one extra attack each round with the second weapon. -2 to all attacks (offhand weapon must be light)

**Weapon Finesse (Granted)**

**[Wizards of the Coast - Player's Guide to Faerun, p.102]**

You are especially skilled at using weapons that can benefit as much from Dexterity as from Strength.

With a light weapon, rapier, whip, or spiked chain made for a creature of your size category, you may use your Dexterity modifier instead of your Strength modifier on attack rolls. If you carry a shield, its armor check penalty applies to your attack rolls.

**Telling Blow**

**[Wizards of the Coast - Player's Handbook II, p.83]**

When you strike an opponent's vital areas, you draw on your ability to land crippling blows to make the most of your attack.

When you score a critical hit against your target, you deal your skirmish or sneak attack damage in addition to the damage from the critical hit. Your critical multiplier is not applied to the sneak attack/skirmish die. Skirmish or sneak attack damage is added only once, even if you meet other conditions or adding damage, such as if you scored a critical while the enemy was flat-footed.

**Two-Weapon Defense**

**[Wizards of the Coast - Complete Champion, p.102]**

Your two-weapon fighting style bolsters your defense as well as your offense.

When wielding a double weapon or two weapons (not including natural weapons or unarmed strikes), you gain a +1 shield bonus to your AC. When you are
