Traits Focused Mind [Paizo Inc. - Advanced Player's Guide, p.329]

Your childhood was either dominated by lessons of some sort (be they musical or academic) or by a horrible home life that encouraged your ability to block out distractions to focus on the immediate task at hand. You gain a +2 trait bonus on concentration checks.

Rich Parents [Paizo Inc. - Advanced Player's Guide, p.330]

You were born into a rich family, perhaps even the nobility. Your starting cash increases to 900 gp.

Special Qualities Arcane Bond (Su) [Paizo Inc. - Core Rulebook, p.78] You have selected to establish a powerful arcane bond with an object. Arcane School [Paizo Inc. - Core Rulebook] Bonded Object [Paizo Inc. - Core Rulebook, p.78]

Objects that are the subject of an arcane bond must fall into one of the following categories: amulet, ring, staff, wand, or weapon. These objects are always masterwork quality. Weapons acquired at 1st level are not made of any special material. If the object is an amulet or ring, it must be worn to have effect, while staves, wands, and weapons must be held in one hand. When attempting to cast a spell without your bonded object worn or in hand, you must make a concentration check or lose the spell (DC 20 + the spell's level). A ring or amulet occupies the ring or neck slot accordingly. A bonded object can be used once per day to cast any one spell that the wizard has in his spellbook and is capable of casting, even if the spell is not prepared. This spell is treated like any other spell cast by the wizard, including casting time, duration, and other effects dependent on the wizard's level. This spell cannot be modified by metamagic feats or other abilities. The bonded object cannot be used to cast spells from the wizard's opposition schools (see arcane school). A wizard can add additional magic abilities to his bonded object as if he has the required item creation feats and if he meets the level prerequisites of the feat. For example, a wizard with a bonded dagger must be at least 5th level to add magic abilities to the dagger (see the Craft Magic Arms and Armor feat in Feats). If the bonded object is a wand, it loses its wand abilities when its last charge is consumed, but it is not destroyed and it retains all of its bonded object properties and can be used to craft a new wand. The magic properties of a bonded object, including any magic abilities added to the object, only function for the wizard who owns it. If a bonded object's owner dies, or the item is replaced, the object reverts to being an ordinary masterwork item of the appropriate type. If a bonded object is damaged, it is restored to full hit points the next time the wizard prepares his spells. If the object of an arcane bond is lost or destroyed, it can be replaced after 1 week in a special ritual that costs 200 gp per wizard level plus the cost of the masterwork item. This ritual takes 8 hours to complete. Items replaced in this way do not possess any of the additional enchantments of the previous bonded item. A wizard can designate an existing magic item as his bonded item. This functions in the same way as replacing a lost or destroyed item except that the new magic item retains its abilities while gaining the benefits and drawbacks of becoming a bonded item.

Cantrips

[Paizo Inc. - Core Rulebook, p.79]

You can prepare a number of cantrips, or 0-level spells, each day. These spells are cast like any other spell, but they are not expended when cast and may be used again. You can prepare a cantrip from a prohibited school, but it uses up two of your available slots.

Conjuration School

[Paizo Inc. - Core Rulebook, p.80]

You have chosen to specialize in conjuration spells.

Elven Immunities (Ex)

[Paizo Inc. - Core Rulebook, p.22]

Elves are immune to magic sleep effects and get a +2 racial saving throw bonus against enchantment spells and effects.

Elven Magic (Ex)

[Paizo Inc. - Core Rulebook, p.22]

Elves receive a +2 racial bonus on caster level checks made to overcome spell resistance. In addition, elves receive a +2 racial bonus on Spellcraft skill checks made to identify the properties of magic items.

Illusion Opposition School

[Paizo Inc. - Core Rulebook, p.78]

You have chosen illusion spells as an opposition school. Preparing an illusion spell takes up two spell slots of the same level. You take a -4 penalty on any skill checks made when crafting a magic item that has an illusion spell as a prerequisite.

Keen Senses (Ex)

[Paizo Inc. - Core Rulebook, p.22]

Elves receive a +2 bonus on Perception skill checks.

Low-Light Vision (Ex)

[Paizo Inc. - Bestiary]

You can see x2 as far as humans in low illumination. Characters with low-light vision have eyes that are so sensitive to light that they can see twice as far as normal in dim light. Low-Light Vision is color vision. A spellcaster with low-light vision can read a scroll as long as even the tiniest candle flame is next to her as a source of light. Characters with low-light vision can see outdoors on a moonlit night as well as they can during the day.

Necromancy Opposition School

[Paizo Inc. - Core Rulebook, p.78]

You have chosen necromancy spells as an opposition school. Preparing an necromancy spell takes up two spell slots of the same level. You take a -4 penalty on any skill checks made when crafting a magic item that has an necromancy spell as a prerequisite.

Weapon Familiarity (Ex)

[Paizo Inc. - Core Rulebook, p.22]

Elves are proficient with longbows (including composite longbows), longswords, rapiers, and shortbows (including composite shortbows), and treat any weapon with the word "elven" in its name as a martial weapon.

Feats

Craft Wondrous Item

[Paizo Inc. - Core Rulebook, p.120]

You can create wondrous items, a type of magic item.

You can create a wide variety of magic wondrous items. Crafting a wondrous item takes 1 day for each 1,000 gp in its price. To create a wondrous item, you must use up raw materials costing half of its base price. See the magic item creation rules in Chapter 15 for more information. You can also mend a broken wondrous item if it is one that you could make. Doing so costs half the raw materials and half the time it would take to craft that item.

Weapon Focus (Longbow)

[Paizo Inc. - Core Rulebook, p.136]

You are especially good at using your chosen weapon.

You gain a +1 bonus on all attack rolls you make using the selected weapon.

Scribe Scroll

[Paizo Inc. - Core Rulebook, p.132]

You can create magic scrolls.

You can create a scroll of any spell that you know. Scribing a scroll takes 2 hours if its base price is 250 gp or less, otherwise scribing a scroll takes 1 day for each 1,000 gp in its base price. To scribe a scroll, you must use up raw materials costing half of this base price. See the magic item creation rules in Chapter 15 for more information.
